Honoring the legacy of John Lennon

FOURTH-AND fifth-graders at St. Patrick/Assumption All Saints School in Jersey City put on a mid-year National Dance Institute performance yesterday inside the Jacques d'Amboise Theater, a restored facility renamed for NDI's founder. In May, the students will be performing in a show with original choreography set to John Lennon songs and honoring the memory and impact of his life, music and legacy, as they follow a yearlong Lennon-inspired theme.
